To Whom It May Concern,

The only way to go to China is with China Spree, Tour Beyond!

As the Head Coach of the Princeton University Track Team, I researched many tour operations for our trip to China during the summer of 2007. From the moment I contacted China Spree I felt confident that our group would be taken care of with the highest level of service.

Princeton traveled with a very large group, 73 athletes and staff. We also had numerous requirements particular to our group. We needed to set up training times and schedules around our two competitions while we were in China.

All of these requirements were handled with great professionalism. From the moment we landed in Beijing and were met by the fantastic tour guides, we were taken care of. Not once did I feel worried about our travel arrangements.

We stayed at wonderful hotels. The food each day was excellent. Our itinerary included all of the historic cultural sites. Our guides were both national and local, which added a great deal of knowledge and interest for our group. When one considers the size of our group it was truly amazing how well organized our tour guides were and how well informed they kept us.

I high recommend China Spree to any university or large tour group that wants the best experience while traveling to China.

It was the trip of a lifetime for our athletes and China Spree made every moment worth remembering.

Please feel free to contact me if you need any further information or reflection about our trip.

Sincerely,

Fred Samara
Head Coach of Track & Field
